

The theme of Executive Chef

Angela Cameron's new menu at Palmer St's **The Southbank Grill** is quality seasonal produce, with a seriously committed approach to the business of steaks. Entrees include Tasmanian beef tenderloin carpaccio, Coffin Bay oysters, and beef short ribs; and crispy skinned barramundi and Queensland jumbo prawns are options for mains, but the speciality is the grill menu. Sourced from Greenham, Tasmania, an area said to have the world's cleanest air and water, there are seven options of aged beef, and your choice of sauces, sides and salads. Call 4726 5265.
